

Dear FCC,

Sinclair Broadcasting Company uses the public airwaves of the United States free of charge and is required by law to serve the public interest. The biased, one-sided program, "Stolen Honor", does not serve the public interest. It is not journalism but rather political propaganda backed by the large, powerful Sinclair company attempting to take control of the American airwaves.

I am very alarmed by Sinclair Broadcasting's decision to FORCE their stations in key election "swing states" to air this anti-Kerry piece, days before the election.

Allowing the one-sided airing without an immediate follow-up of the documentary, "Going Upriver", is a blatant undermining of our democratic system.

I urge the FCC to represent the citizens of the United States in fairness and stop the Sinclair stations from following through with their plan to air "Going Upriver".

The current situation points to a need for a policy review by the FCC in regard to what I view as a dangerous trend of large companies deciding what the American public will be "allowed" to view on the American airwaves.

Sincerely,

Dorothy Pedotto

Citizen of the United States
